The Human Calculator Calendar

2020 Edition

INTRODUCTION

The Human Calculator Calendar usually has 365 days divided into 13 months of 28 days and an extra day. The extra day is the zero day, the first day of the year. There are 13 months numbered 0-12.

Since 2020 is a leap year, the leap day has been added at the end of the last month of this calendar.

This calendar works best when January 1st is a Sunday. The next time that occurs is 2023.

Please visit www.thehumancalculator.com for questions/ comments/ suggestions.

Thank you 4 your time.

I´m counting on you.
